

Play Equipment, Toys and Resources Policy

The toys and equipment at Bierton Pre-School provide opportunities for children to develop new skills and concepts in the course of their play and exploration. The equipment we provide:

- Is appropriate for the ages and stages of each child's development.
- Offers challenges to developing physical, social, personal and intellectual skills.
- Features positive images of people, from a wide range of ethnic and cultural groups, with or without disabilities.
- Includes a range of raw materials, which can be used in a variety of ways and encourages an open-minded approach to creative and problem solving.
- Will enable children to develop individual potential and move towards required learning goals.
- Conforms to all relevant safety regulations and is sound and well made.
- Any toys seen as not suitable, damaged or faulty in any way which may cause harm to a child are removed and either repaired or disposed of immediately.

This policy was adopted by the Bierton Pre School Committee
